Comments

The Executive places a high value on the findings of master planning processes. However, because this is a new project requiring a large investment of current revenue, it must compete for resources in the context of the March 15 Operating Budget.

The FY07 appropriation recommendation is \$0.

The FY08 appropriation recommendation is \$0.

JUSTIFICATION

Visitor Survey (1995). Brookside Gardens Master Plan (2004), including data from several focus groups held during the planning process and public testimony at planning board hearings. Renovations address critical maintenance needs for the 35 year-old facility that has become one M-NCPPC's most popular facilities. Most of the work will be funded through aggressive fund raising efforts. In addition, support for master plan implementation was received at the CIP Public Forum, April, 2005, and in letters of support for renovated and new gardens, renovated and enlarged facilities, family restrooms, more educational programming, increased parking.

Plans and Studies

1995 Visitor Survey. Brookside Gardens Master Plan approved by Montgomery County Planning Board, March 3, 2005.

STATUS

Proposed. Seeking private donations for funding of facility design and construction of Phase 1, and county funding for facility design and construction of later phases. Phase 3, streambank stabilization, will be funded by the Maryland Department of Environmental Protection.

FISCAL NOTE

A donation of \$50,000 was received in FY06 for facility planning of Phase I and is included in the Small Grants and Donations PDF 058755.
